MANAGER'S REVIEW

We welcome the Directors, Players, Staff and Supporters of Wigan Athletic for the first Football League game of 1981 at Bootham Crescent. I hope that we can start the New Year in a better fashion than we finished the old one, when we lost with the last kick of the game to Rochdale. That defeat was sickening, but I was very pleased with the point we got at Darlington. The player who deserves most credit in the match at Feethams, was Eddie Blackburn who was magnificent, stopping everything which was hit at him.

The Reserves are beginning to pick up a few points after a slow start to the season. Their most recent victories over Notts. County and Rotherham have been very convincing particularly when you consider the number of young players who are now appearing in the side.

A number of younger players have attended trials at Bootham Crescent throughout the Christmas holidays. I was very impressed by the standard shown and I hope that one or two of these will eventually make apprentices.

Finally, the Schools Five-a-side competition once again proved to be very popular. The first final will take place before the next home game at approx. 2.30 p.m., so why not come along a little earlier and enjoy these younger players in action.

THE VISITORS

WIGAN ATHLETIC

Wigan Athletic who finished 6th with 55 points in each of their first 2 seasons in the Football League, are not doing quite so well this campaign. They are in midtable and only averaging a goal per game — only 3 teams in the Division have scored fewer. They have shown improved form recently, however, and are unbeaten in their last 3 away games having won at Stockport and Crewe and drawn at Hereford. Their other away win this season was at Halifax. Manager **IAN McNEILL** is likely to rely on the following players this afternoon. Goalkeeper **BOB WARD** was signed from Blackpool in the summer of 1979 having started his League career with West Bromwich. **DAVE FRETWELL** who joined Athletic 2 seasons ago is an experienced defender who was previously with Bradford City with whom he made over 250 senior appearances. **STEVE McADAM** is a recent signing who has had experience with Burnley and Barnsley. Glaswegian **GEORGE URQUHART** was signed from Ross County early last season and is a former Scottish amateur international. **COLIN METHVEN** is another Scottish player who has secured from East Fife for £30,000 in October 1979. He had the misfortune to put through his own goal in the

corresponding game here last season. **ALEX CRIBLEY** is a recent acquisition from Liverpool. **DAVE McMULLAN** is yet another player from North of the Border having signed from Scottish Junior football last season. **TONY QUINN** was with both Everton and Liverpool as a junior player before joining Athletic with whom he made his League debut last season. **MIKE QUINN**, no relation to Tony, made his league debut near the end of last season and is a very promising young player who has come through the youth ranks. **PETER HOUGHTON** has been Wigan's leading scorer in each of their first 2 seasons of league football. He has previously with South Liverpool and became a full time professional for Athletic in July 1978. Midfield player **FRANK CORRIGAN** has had a wealth of experience in both non-league and Football League and is a key man in the Wigan set-up. Scot **BOBBY HUTCHINSON** was a close season signing and was formerly with Dundee and Hibernian. Wigan have won here on both their two previous league visits. In September 1978 they were successful 1—0 to record their first ever away victory in the Football League and last season they won 2—1 with goals from Peter Hutchinson and Frank Corrigan.
